GLAZED PORCELAIN STONEWARE

STATUS BG

STATUS BG

Floor surfaces you create with STATUS are truly a reflection of your own style. Express yourself with a new glazed porcelain in three pure, charming colors. Let your imagination run free and mix STATUS with classic but fashionable furniture design: durable, strong, easy to clean, capable of giving a high touch of warmness and elegance to your house.

STATUS MT

STATUS makes a strong statement with its natural and varied surface similar to real stone. It is perfectly suited to residential areas that search for an innovative and long lasting look: anywhere that needs lifting and injecting with a bit of personality.

STATUS NO

STATUS embraces the consumer love of all things traditional, it also subtly underlines a belief that our tiles have a long history of reliability, as it offers the most updated technical and aesthetic features of glazed porcelain for the ultimate interiors.

**Shade variations**

The color shade or shades of all tiles varies to some degree from piece to piece, from each production run to run.

The Ceramic Tile Distributor Association (CTDA), in cooperation with tile manufacturers and distributors, has put together an helpful literature entitled the CTDA Color Shade Variation Guide. This guide rates ceramic tile on a four-point scale that ranges from V1 through V4.

Instituting the CTDA's color shade variation guidelines you will reduce customer complaints and sell the unique and individual beauty of each ceramic tile.

**V1 Uniform Appearance**

Differences among pieces from the same production run are minimal.

**V2 Slight Variation**

Clearly distinguishable texture and/or pattern within similar colors.

**V3 Moderate Variation**

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly.

**V4 Substantial Variation**

Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

**SHADE VARIATION AND APPLICATIONS**

 <b>V3</b> MODERATE VARIATION		Residential	Light Commercial	Commercial
		Floors	•	•
Walls	•	•		
Countertops	•	•		
Backsplashes	•	•		

Water, oil, grease, or other fluids create slippery conditions. Floors with exposure to these conditions require extra caution in product selection and proper maintenance.

## TECHNICAL FEATURES

### Care & Maintenance

Status is a stain-resistant porcelain tile requiring no special care. Routine maintenance will keep your tile looking new for years to come. Just clean regularly with a low-alkaline detergent diluted with warm water. Rinse thoroughly and dry with a soft cloth to prevent water spots.

Important! No waxes or sealers are recommended for this product.

### TECHNICAL SPECIFICATIONS

DESCRIPTION		RESULT	ASTM#
Water Absorption	12" x 12"	< 0.25%	C373
	18" x 18"	< 0.25%	C373
